TREASURER'S OFFICE
CLEMSON AGRICULTURAL COLLEGE
CLEMSON COLLEGE, S. C., JULY 8, 1908.

To the Finance Committee of the Board of Trustees.

Gentlemen:—I have the honor to submit herewith my Annual and Itemized Report of the Finances of The Clemson Agricultural College for the fiscal year ended June 30, 1908.

You will observe from this report that the actual receipts of the college from all sources, including \$15,000. from the U. S. Government—the Morrill and Nelson Funds, were \$201,477.75. A cash balance of \$24,506.60 was brought forward from the fiscal year ended June 30, 1907, to be used for current expenses of the college from June 30th, to Dec. 31, 1907, as the income from the inspection and analysis tag tax amounts to very little during this period of the year. This made a total of \$225,984.35 handled by the college during the year. Of this amount \$56,366.12 was expended by order of the General Assembly of South Carolina, for State work performed by the college; \$38,621.83 was expended for permanent improvements to the college property; \$111,221.24 was expended for the actual running expenses of the college, leaving a cash balance of \$19,775.16 for current expenses of the college from June 30th to Dec. 31, 1908.

Your attention is also invited to the revenue from "Various Department Product Sales, \$4,329.55" This item is not in reality a source of revenue and should not so appear as an income for the college. The same can be said of "Refund Calhoun Monument Commission, \$12.50" "Norris Medal \$45". These apparent incomes are only moneys refunded to the college for which the college has already paid and are in no sense an income as a source of revenue, as no profit whatever is derived from these sources.

During the year, six hundred and ninety South Carolina boys received instruction in the Clemson Agricultural College. Add the cost of the beneficiary scholarships, \$14,408.44, to the expenses of the college proper, \$111,221.24, making a total of \$125,629.66 which shows a cost to the State per student of \$182.08.

JUL 7 34

In conclusion, I will say that I have closely followed the instructions of the Board of Trustees and no moneys have been paid out except by direct appropriations from them.

Respectfully submitted,

P. H. E. SLOAN,

Secretary-Treasurer.
